Life Cycle Cost Analysis (LRC) (2011) Committee

THURSDAY, February 23, 2012

10:00 a.m.

Room 421, Legislative Office Building

The Life Cycle Cost Analysis (LRC) (2011) Committee met on Thursday, February 23, 2012, at 10:00 a.m. in Room 421 of the Legislative Office Building. Representatives Hilton, Iler and Torbett attended.

Representative Torbett presided. He welcomed members and started the presentations.

SEE ATTACHED AND ON COMMITTEE WEBSITE FOR ALL PRESENTATIONS

North Carolina Department of Transportation Presentation, Jon Nance, P.E., Chief Engineer

Carolinas Associated General Contractors Presentation, Berry Jenkins, P.E., NC Highway Division Director, Carolinas Associated General Contractors

Ricky Vick, P.E., Executive Vice President, S.T. Wooten Corporation, Wilson, NC

American Council of Engineering Companies of North Carolina Presentation, Kathryn S. Westcott, Executive Director

Rep. Torbett: We've heard from almost every sector that I can think of and Beau, I'm going to ask you to give us some information on areas of concern to help us down through this process. I'm going to suggest that at our next meeting, we start looking at the questions that we have and try to develop a path for cost effectiveness and working very closely with Beau and NCDOT and start cranking that down to the final report. I know we all have some questions and the one that arose here today about perhaps adding another seat in NCDOT's wagon from DENR to be more closely watched and reduce the time that it takes to get that done and if you have someone inside I'm sure that time would be condensed.

The meeting was adjourned at 12:50 p.m.

Representative John Torbett, chair

Viddia Torbett, Committee Clerk
